- Thread all 1" head pins with a 4mm black rondelle. Turn a circle at the top of the pin.
- You now have 4 legs.
- Open up the eye of the eye pin and thread on two legs and close the eye.
- On the other end of the eye pin thread on 1 x 12mm rondelle, 1 x 8mm pearl, 1 x crystal rondelle, 1 x teardrop (through the big end first) and 1 x 3mm pearl.
- Turn a circle close to the beads.
- Attach to the earring wire.

How to turn a circle:

1. Bend the wire at a right angle away from you as close to the bead as possible using the tip of the round nose pliers. Clip wire 1.5cm from the turn.
2. Grip the very tip of the wire in your round nose pliers about halfway up the plies. (The diameter of the pliers where you grip determines the circle's size e.g. if you want a small circle grip with tip of the pliers, medium circle grip the pliers in the middle.)
3. Press downwards slightly and rotate the wire into a circle.
4. Let go, grasp the circle at the same place on the pliers and keep turning to close the circle. You can turn this circle again to make a double more secure circle.
