

5. Candy Cane Earrings

Materials Required

- 2 x 3" Head Pins
- 12 x 4mm red Chinese round crystals
- 12 x 4mm clear Chinese round crystals
- 2 x silver bows
- 1 PR earring wires

- Thread pin with crystals red, clear, red, earring wire, crystals clear, red, clear, red, clear.
- Trim pin and turn a circle in the pin, using this end as the bottom of the candy cane.
- Shape the top three beads into a crook.
- When attaching earring wires make sure they face in opposite directions when lying on the table.

How to turn a circle:

1. Bend the wire at a right angle away from you as close to the bead as possible using the tip of the round nose pliers. Clip wire 1.5cm from the turn.
2. Grip the very tip of the wire in your round nose pliers about halfway up the pliers. (The diameter of the pliers where you grip determines the circle's size e.g. if you want a small circle grip with tip of the pliers, medium circle grip the pliers in the middle.)
3. Press downwards slightly and rotate the wire into a circle.
4. Let go, grasp the circle at the same place on the pliers and keep turning to close the circle. You can turn this circle again to make a double more secure circle.
